

## Warmer: Matching Mingle

Cut these sentences up and hand them out to your students.  
If you have less than 20 students, just don't use them all. More than 20 - add more sentences or repeat some. An odd number - get two students to work together.

I'm frightened	of spiders.
I'm angry	with my parents.
I'm tired	of studying grammar.
I'm interested	in stamp collecting.
I'm worried	about the environment.
I never shout	at my sister.
I fell in love	with an English man.
I paid	for dinner.
I got married	to a ski instructor.
I believe	in ghosts.

(note: there is arguably more than one possible answer here: you can ignore or exploit this - it's up to you!)
